We Moved to San Antonio Texas!

On May 15th we moved to 12754 O’Connor Road in beautiful San Antonio Texas. Home of the Alamo and the famous River Walk. We’d like to thank all of our friends in New Jersey, and all of our new friends in San Antonio for making the transition as smooth as possible.

While our office may be new, our commitment to you hasn’t changed. The only difference you’ll notice is a new Texas accent. We look forward to serving Y’all.

Thank you for your support!

DrillAmerica® 1903 Springfield Replica Rifle

Beauty, balance, and authentic tone.

With the look, the feel and even the sound of the revered 1903 Springfield rifle, this highly detailed replica will take your drill team, honor guard or color guard to the next level. Known for both its beauty and balance, the 1903 Springfield is the functional equivalent of the drill rifles issued to each service, but with better balance, durability, and quality! Our DrillAmerica® 1903 Springfield is 43.3” long, weighs in at 8.5-8.6 lbs., and is made of the same tough, scratch-resistant high-impact resin as our DrillAmerica® M1 Garand.

What sets our DrillAmerica® 1903 Springfield Replica Rifle apart:

• Better balance: Bolt and 24” barrel are one continuous piece, distributing weight across the rifle for exceptional balance.
• Exceptional sound: The multi-component rifle has a bit of a tone when you slap or spin it and just enough give when you catch it. You’ll appreciate its moving bolt for Inspection Arms.
• Superior durability: We went back to the 1903 original to capture the untouchable strength and toughness of its rear end swivel.
• More authentic look: The beautifully detailed appearance, the bayonet lug (included), the serialized bolt, and the black metal parts (also available in chrome) mirror the look of the 1903 original.
• Additional options: Vulcanized butt plate and sling sold separately (accepts any Glendale sling except the MK1 Parade Rifle Strap)

Introduce your team to the 1903 Springfield today and experience for yourself its precise center balance and outstanding sound.

Drill America® DA30 Parade Rifle

Just a few ounces either way can change the feel and performance of a drill rifle, something drillers quickly learn as they train. Wooden parade rifles can vary in weight by almost half a pound. The Drill America® Parade Rifle, a replica of the 1903 Springfield, lets drillers train with a full-size (42") high impact resin rifle that, at 4.2 lbs., is exactly half the weight of our other Drill America® rifles.

Great for parade use and Alternative Arms Drillers. Built to last, these rifles won’t fade, crack or discolor over time. Field-tested by school teams, who helped us make this parade rifle a winner. With nickel-plated barrel and bolt, rubber butt plate, operating bolt action and clicking trigger. Includes a black nylon web rifle sling with nickel hardware. No bayonet lug.

DrillAmerica®

M1 Garand Replica Rifle

Exceptional balance and quality

The overwhelming choice of drill teams, honor guards and color guards. The M1 Garand features a solid barrel which provides balance and durability. The rear swivel is heavier and more durable than ordinary drill rifles so the M1 Garands can take anything you throw, or spin at them. Features include a moving bolt to enable Inspection Arms, a trigger that “clicks” for effect, a reversible black rubber butt pad and a metal butt plate. Made of high-impact plastic with a wood-grain appearance and exterior chromed metal parts. Approved for all JROTC competitions as a demilitarized weapon. Does not have bayonet lug. Length 43”. Accepts any Glendale web or leather sling (not included).

All bolts can be engraved on one line, 24 characters maximum. We present the DrillAmerica® M1 Garand with pride. Use it wisely and well!

Our best selling Heavy Web Rifle Slings are sold on page 12
DrillAmerica® makes the best drill rifle you can buy. Period!

When you’re competing, you need enough mass to spin and enough sass to win. The MK1 rifle is weightier, sturdier, and, frankly, classier than other Mark 1’s—and easy on the wallet! Molded from high-impact resin for greater durability, the MK1 uses chrome-plated, non-moving parts and borrows its sturdy, durable metal front band and hardware from our most expensive rifles. 39” Long and roughly 4.3 pounds, which makes it a superior drill rifle for spinning. Can be fitted with any of our leather or cotton web slings.

DrillAmerica® MK1 and Masters Level MK1 Replica Rifles

“This is the best competition drill rifle available. The quality, attention to detail and durability are without peer.”

Michael M. Anderson 1SG (R) USA, Heights High School Rough Riders Houston, TX

MK1 Masters Level Replica Rifle

MK1 Masters Level Replica Rifle
An emerging legend in precision performance

“Back in the day”, explains Michael M. Anderson, 1SG (R) and current leader of the perennial champion Heights High School “Rough Riders” from Houston, Texas, “the Mark 1 Drill Rifle we had been using suffered from a number of deficiencies. They were underweighted, fragile and the quality was inconsistent. Our drill team went through stacks of them every year. That all changed when we met Joe Rivas from the Glendale Parade Store.”

1SG Anderson told Joe that the MK1 needed some upgrades to earn the loyalty of people who spin heavy weapons. Joe listened and went to work with a respected drill rifle manufacturer. Here’s what they did.

Heavier, more durable construction - The MK1 Masters Level weighs 5.5 lbs. (a full pound heavier than our standard MK1). The stock is made from high impact resin to add weight and be nearly indestructible.

Full heavyweight barrel - The addition of a full-length metal barrel adds heft and improves the rifle’s balance, so it makes spinning effortless.

The result? “We were so impressed with these rifles that we entered competitions using the prototypes that Joe sent us. The fact that we did says all you need to know about how great these rifles are. I placed an order for our whole team as soon as they were available.”

DrillAmerica® MK1 Replica Rifle

DrillAmerica® MK1 Masters Level Replica Rifle
Spin circles around the competition! Our Masters Level MK1 was designed to meet the needs of championship drillers. A solid longer barrel and metal receiver and bolt assembly add heft, durability and exceptional balance. You’ll feel the difference the first time you put it through its paces. Accepts any of our leather or cotton web slings. 5.5 lbs, 41”. Colors: Black, Brown, White.

Tape Your Drill Bar for Better Training!

Your DrillAmerica Drill Bar (page 14) is a great addition to your training regimen! To get the best results, you'll want to make a few key markings on the bar to help build your muscle memory during practice!

NOTE: Your Drill Bar is NOT designed as a substitute for a rifle when LEARNING how to spin. You should ALWAYS learn your techniques on a drill rifle FIRST before using the Drill Bar to build strength & endurance. Glendale Parade Store is not liable for damage due to misuse or substitution for a drill rifle with inexperienced drillers!

Materials Needed:
- Drill Bar
- 3M® Super 88 Black Electrical Tape
- 3M® Super 35 White Electrical Tape
- 3M® Super 35 Colored Electrical Tape
- Scissors
- Any Drill Rifle (Our DA1903 would be perfect!)

Step 1: Tape the End Caps
Your Drill Bar comes with 2 rubber end caps. Put them on each end of the bar and affix using the black electrical tape making sure to cover EVERY INCH of the end cap. Wrap this black tape down at least 2 inches below the end cap onto the bar. Use at least 2 layers on each end.

Step 2: Tape Key Positions
Lay your Drill Bar and drill rifle on a flat surface so that the butt of the rifle is aligned to the end of the Drill Bar. Using white electrical tape, mark precisely the following spots:
- Small of the Stock (Just below the metal of the receiver!)
- Mid-Balance Point (Just above the metal of the handguard ring!)
- Stacking Swivel (Just below the lug!)

These are the key contact points for all Regulation Drill rifle manual movements and will assist you in finding the correct positions for your hands as you train!

Step 3: Tape Supporting Positions
With your Drill Bar and drill rifle still aligned, identify any additional positions for the hands you might find important during Exhibition Drill. These positions might include:
- Just Below the Mid-Swivel Band
- Half-Way Between the Mid-Swivel & Lug
- Edge of the Butt Plate

When you train, you can use these marked points to help build the precision required of your Exhibition Drill! Make sure to train precisely for maximum benefit!

For a full video tutorial of this process, visit bit.ly/drillbar.

Happy drilling!

DrillAmerica® Rifles
There’s no faster way to condition safely for rifle drill. Incorporating rifle manual, basic spin techniques, and resistance training into your regimen will improve endurance, strength, and conditioning. This is the perfect tool for drill teams looking to overcome the difficulty of drilling with an 8.5 pound drill rifle and also for the aspiring solo driller looking to increase their power, speed, and endurance on the drill pad!

Follow these tips to bring out the best in yourself or your team:

1. Tape the Bar - Measure and place a band of tape in the following areas corresponding to a drill rifle: the center balance point, the small of the stock, & the stacking swivel. Marking these areas will provide key points of contact during practice.

2. Rifle Manual - Perform the regulation rifle manual using the weighted bar. Because of the weight distribution, this practice builds muscle while familiarizing each cadet with the exacting hand placements required of regulation drill. I recommend performing 25 repetitions of each rifle manual movement before changing to drill rifles. This practice produces huge gains in our middle school cadets who went on to compete with distinction in the Masters Level of the National High School Drill Team Championships, thus prompting the development of this product.

3. Spin Training - The weight distribution of the DrillAmerica Weighted Bar means that even though the weight is constant, the force required to start and stop the rifle in motion are much greater. Keeping safety in mind, work on your basic spin and flow techniques. You’ll notice once the bar is in motion, it moves fairly easily but the stopping power required is increased. Use this to train your dead stops but again, do NOT move faster than your capabilities can handle. Start slow and continue to progress from there.

Please Note:
Rifles are NOT RETURNABLE. Before ordering a quantity of rifles, we suggest ordering a single piece for your examination to be certain it meets your requirements.

Rifles Cannot Be Guaranteed Against Breakage. You will spin them, throw them, pound them and drop them. Wooden rifles are prone to breakage. For a more durable option consider our DrillAmerica Rifles. They are built really tough, and while we can’t guarantee you won’t break them, it won’t be easy.

Since 1883, Weyersberg, Kirschbaum & Co. (WKC) has manufactured swords and cutlery of impeccable quality in Solingen, Germany, a city famous since the middle ages for its metal-working and craftsmanship in sword making. Today, as the oldest and largest sword manufacturer in Germany, this family-owned business is the leading supplier to military schools and services worldwide. The WKC sword and scabbard are still handmade by skilled sword assemblers and weapon polishers. Even the detailed damascened ornaments of the blades are still etched by hand! No wonder WKC ceremonial swords are worn with pride by U.S. military academies, heads of state, kings and princes, ministers of defense and chiefs of police. Glendale is proud to offer these precision swords and sabers to our customers. Returns for other than defects will be subject to a 15% restocking charge.

**Sabers & Swords**

Sizes available on sabers and swords: 28", 30" and 32" blades. All sabers and swords are handcrafted and include scabbards. The Army Saber is carbon steel, nickel plated. All others are stainless steel.

**What You’ll Need to Wear Each Saber or Sword**

For the **Army Saber**, **Navy Officer** and **Coast Guard Officer Sword**:

Start with a saber sling (#105 or #107 on page 17) or attach a #676 saber guard to any leather belt up to 2¼". Add the #673 saber chain by hooking the top clip of the saber chain onto the metal clip of the saber guard. The top hook of the saber chain holds the top ring on the scabbard. The lower clip holds the lower ring on the scabbard.

For the **West Point and Air Force Sword**:

Start with a sword sling (#101 or #106 on page 17) or attach a sword throg (#679 or #680) to any leather belt up to 2¼". Insert the scabbard down through the keyhole until the hook is secured.

For the **Marine Corps NCO Sword**:

Attach the sword throg to any leather belt up to 2¼". Insert the hook on the scabbard into the keyhole of the #683 throg.

**Mourning Knot**:

The #8142 USMC Mourning Knot on page 17 may be worn with any branch of service saber or sword.

When Every Catch Needs to Be Perfect

When a secure hold is a matter of honor, when each slip means a demerit, it’s time to graduate to our sure-grip gloves (page 19). While we offer a wide assortment of gloves for every need, our Sure-Grip Flag Bearer Gloves are a clear customer favorite for top competitors.

And for good reason. First and foremost, the patented dots spread over the palms and between the thumb and index fingers and the small and ring fingers secure your grip. Because the gloves are breathable 100% cotton, they stay cool and comfortable even on the hottest of parade grounds. Wrist grips keep them precisely in place. Double reinforcement makes them tough.

To be a top competitor, you need the right equipment. Don’t overlook the importance of the right gloves!

SURE-GRIP

Sure Grip Gloves feature patented patterns of rubber-like dots on the fingers and palms to give you the extra grip needed to perform exacting maneuvers with confidence and precision.

**Infantry Style Shoulder Cords**

For color brilliance, thickness, smoothness, strength, and weight, we really do have the finest cords made in the United States! Each cord — braided, knotted, and sewn by hand — is a true testament to quality and craftsmanship. Because the same U.S. factory both creates the braid and makes the finished cord, our customers are assured of consistent top-quality year after year.

The button loop-style is designed to be worn with an epaulet that unbuttons. The open-end style with hook-and-eye closure is designed for epaulets that do not open. The wrapped pin attachment style can be worn on uniforms or shirts without epaulets or with epaulets that unbutton.

Mourning Shoulder Cords & Cord Add-Ons

Mourning Cords
This shoulder cord is the start of a new tradition for funeral honor guards. It was designed by a member of a police honor guard and, like all Glendale shoulder cords, is handcrafted in the U.S. The funeral honor guard stands at attention – a mourning band covers each member's badge. Each uniform also displays a unique mourning shoulder cord – black with a thin blue line for police, black with a thin red line for firefighters, black with a thin green line for EMS. It's a finished, distinctive and respectful look.

These cords generally have a 28" circumference. They can be custom-made in two longer lengths. Add $5 to the price for an additional 5" and $8 for an additional 10". Then, add the length to the number -- for example, #4521106X5 or #4561107X10.

Police (Blue)
- Police, button loop. #4521106 $16.50 each
- Police, pin attachment #4521106P $18.50 each
- Police, open ends, hook and eye closure. #4561107 $17.50 each

Firefighter (Red)
- Firefighter, button loop. #4521107 $16.50 each
- Firefighter, pin attachment #4521107P $18.50 each
- Firefighter, open ends, hook and eye closure. #4561107 $17.50 each

Emergency Medical Services (Green)
- EMS, button loop. #4521108 $16.50 each
- EMS, pin attachment #4521108P $18.50 each
- EMS, open ends, hook and eye closure. #4561108 $17.50 each

Sam Browne Belts and Accessories

So how did this classic duty belt get its name? British General Sir Samuel Browne (1824-1901) designed it after his left arm was severed during battle in India; the strap helped stabilize the belt for the one-handed drawing of a saber. Our Sam Browns are made of top grain leather, 2 ¼" wide with panel stitching for beauty and durability. Plain black waist belts and shoulder straps are available half-lined, and fully lined with top and bottom stitching. Clarino (high gloss) belts and straps are fully lined with top and bottom stitching. The “D” rings on shoulder straps are sewn into belt when ordered together; if you buy the belt only, then later decide to add a shoulder strap, sliding “D” rings will be required to attach strap to belt. When selecting your size, remember to add at least 2” if the belt will be worn over a jacket. Shoulder straps are made in proportion to belt size. When ordering shoulder straps separately, order by length. If you need assistance in belt or strap measurements, please call, or visit www.paradestore.com/SamBrowne. Belts and straps are custom-made. Returns will be subject to a 15% restocking charge.

**Patch Attach**

Here’s a quick and easy way to bond patches onto berets, jackets, and most fabrics without sewing! A hot iron makes it permanent and washable or dry cleanable. It’s also non-toxic. Use it for beret flashes, military and police patches, varsity letters, and school patches. Patch Attach is not recommended for satins, nylon, leather, or fabrics that are thin, sheer, padded, insulated, or so delicate they cannot withstand heat. 1 oz.

- #3410  $5.50 each

Not sure about what color you need or what will match something else you already have?

**See page 41 for Glendale's Color Compatibility Chart to match Bib Scarves, Berets and Cords**

Please Note: We try to match dye lots, but manufacturers do not always make that possible.
Armored Forces Berets
Military wool beret without the “pip” on top. Available with or without polyester lining. Adjustable drawstring fit with left badge stay and leather sweatband. XS S M L XL or give hat size. See chart below for color choices.

- Fully lined: #4062
  - $14.95 each
  - $18.50 each
- Unlined: #4063
  - $13.95 each
  - $16.95 each

Instructions for cleaning wool beret:
- Gently steam wool to deodorize it.
- Wipe the vinyl sweatband around the edges with a soft cloth and gentle cleaner.
- For best results, berets should be “professionally dry cleaned,” which is a special cleaning process. Wool, satin, and vinyl will react differently to cleaning solvents. A competent dry cleaner can block the beret back to its original shape, if necessary.
- Glendale is not liable for dry cleaners’ treatments.

**Code Alpha™ Garment & Gear Bags**

**Code Alpha™**

Designed for extreme use in adverse conditions, Code Alpha™ brand gear bags were developed for the Navy SEALs and military Special Operations Forces. They are constructed from the most durable materials available, packed with innovative features, and guaranteed to last.

---

**Garment Covers**

Step up to a travel worthy solution. These tough travelers are infinitely better than plastic garment covers. Made of 600 denier polyester with a double vinyl backing for waterproof protection. Full length zipper and a hanging loop handle. 38½"L x 24"W x 3¼"D.

- Black  #1142 $22.95 each
- Coyote Brown  #1141 $22.95 each

---

**Collapsible Organizer**

A Code Alpha™ carry-all in one durable organizer! Constructed of 600 denier water-resistant polyester, this two-level bag has movable dividers. The bottom level has a ventilated mesh front door; the top lid organizer has a large mesh section for assorted gear. There are large self-healing locking zippers (lock not included). Another easy feature is the address card window and hook-and-loop strip for name tapes. When not in use, it collapses in height from 12" to 2" for easy storage. Ease of handling and stability are assured with two end carry handles and non-slip rubberized feet.

Black only. 12"H x 27"L x 14"D.

- Black  #1190 $80.25 each

---

**Kit Bags**

“Pack up your troubles in your old kit bag …” and everything else, as well, in the large main compartment with heavy duty zippers. A dust cover with snaps on the main compartment will protect 5384 cubic inches of gear; and reinforced side handles will support it. Constructed of 600 denier polyester with vinyl backing.

23½"H x 19½"L x 11¼"D.

- Black  #1131 $31.50 each
- Coyote Brown  #1140 $31.50 each

**Deluxe Lightweight Garment Bags**

This traveling marvel is durable, water repellent and weighs just 1 pound! Holds six or more garments, including suits up to 42” in length. Side zipper. Made by the makers of the fine-quality Wally Bags® (below). Colors: Black. 42”L x 22”W x 3”D.

Black  #1036BK  $27.95 each

**Wally Lock® Garment Bags**

The Wally Bag revolutionized travel with its Wally Lock® — the original patented hanger clamping system that prevents hangers and clothes from falling to the bottom of the bag. Your own hangers go from closet to bag, while clothing stays neat and wrinkle free. The Wally Lock® also prevents bags from ripping at the top as a result of constant abrasion from unsecured hangers. Made from the best quality polyester fabric, coated on the inside for extra strength and treated on the outside with durable water-repellent and stain-resistant coating. Bags easily ride on most types of rolling luggage. Colors: Navy. Black.

**40” Suit Bags**

Each bag has sturdy, soft web handles and a center zipper. A standard 3” gusset holds up to 6 garments. 40”L x 22”W x 3”D

**40” 2-Pocket Suit Bags**

Two pockets make packing accessories easy. Each bag has sturdy, soft web handles and a center zipper. A standard 3” gusset holds up to 6 garments. 40”L x 22”W x 3”D

Black  #1032BK  $53.00 each
Black Embroidered*  #1032BKE  $65.50 each
Navy  #1032NV  $53.00 each
Navy Embroidered*  #1032NVE  $65.50 each

**45” Mid-Length 2-Pocket Suit Bag**

Weighs only 2 pounds, yet carries up to 8 garments with ease. Each bag has a full length side zipper for easy access and soft, sturdy web handles that fasten together with Velcro® for easy carrying. 45”L x 22”W x 4”D.

Black  #1035BK  $66.50 each
Black Embroidered*  #1035BKE  $78.50 each
Navy  #1035NV  $66.50 each
Navy Embroidered*  #1035NVE  $78.50 each

*40” and 45” Wally bags can be embroidered with a personal ID of name and/or unit. Indicate one or two lines of embroidery and 25 letters per line. Embroidery colors: White, Red or Gold. Submit embroidery instructions in writing. Allow three weeks extra for embroidery. Request a quote to add a logo of your bags.

NEW! Add embroidered logos and emblems to your bags. No minimum quantities required. Call 1-800-555-9269 or email orders@glendale.com for a quote.

The CoverBag
Protect your service cap or Bell Crown Cap (Choose the larger, Male CoverBag for a Bell Crown cap) with this water-resistant nylon carrying case that’s convenient, comfortable and easy to transport. It has reinforced walls, a leather handle and a strap that fits over a roller case handle. Interior and exterior pockets will hold gloves and keys or phone. When not in use, it’s fully collapsible. Available in two styles, black only: either as a plain bag or one with two black loop panels to hold patches with a hook backing. One 2½"-square loop fastener is sewn on the front panel to accommodate a 4" patch. There is also a 2½" x 2" loop fastener on the side pocket. The larger male size is 11" W x 12" H x 6" D. The smaller female size is 10" W x 10¼" H x 6" D.

POW-MIA — Small US Flags

The two-ply spun polyester fabric has greater wind resistance than nylon. It is ideal for extreme weather conditions with durability, strength and fly-ability but without excess weight. Nylon is the most popular flag material and offers both durability and beauty. Outdoor flags have strong canvas headings and brass grommets. Indoor flags are finished with flannel-lined pole hems, Velcro® tabs and gold or silver rayon fringe.

A single seal flag is correct on one side; reverse on the other. A double seal flag reads correctly on both sides.

Outdoor Display, Spun Polyester
- Outdoor: 3’ x 5’, single seal #7812 $42.95 each
- Outdoor: 4’ x 6’, single seal #7813 $64.95 each

Outdoor Display, Nylon

Firefighter, Police & EMT Mourning Cords

This shoulder cord started a new tradition for funeral honor guards. Designed by a member of a police honor guard and, like all Glendale shoulder cords, handcrafted in the U.S. The button loop-style (shown here) is worn with an epaulet that unbuttons. The open-end style with hook-and-eye closure is worn with epaulets that do not open. The wrapped pin attachment style can be worn on uniforms or shirts without epaulets or with epaulets that unbutton.

The funeral honor guard stands at attention – a mourning band covers each member’s badge — and each uniform displays a unique mourning shoulder cord. It’s a look that is both distinctive and respectful. These cords generally have a 28” circumference. They can be custom-made in two longer lengths. Add $5 to the price for an additional 5” and $8 for an additional 10”. Then, add the length to the number — for example, #4521106X5 or #4561107X10.

Competition Color Guard Checklist

For the color guard unit looking to be highly proficient in competitions, Glendale Parade Store enlisted the help of professional drill team trainers to determine the best gear for competition color guards!

After more than a decade of National Championship-winning excellence, this gear comes recommended by the top color guard instructor in the country, Edford Luckey, MSG, USA (Ret.) formerly of Alamo Heights High School in San Antonio, TX.

NOTE: This gear checklist does NOT apply to MCJROTC units who must drill in strict accordance with their service guidance.

Start with Poles and Toppers

Traditional Fit Two-Piece Aluminum Poles: see page 91
For male/female teams, select 8’x1 1/4’.
#84S (Silver) or #84G (Gold)
For all-female teams, select 8’x1”.
#81S (Silver) or #81G (Gold)

Round Spears add snap and pop to all your standing manual, ensuring your unit catches the judge’s eye!
Round Spears are the BEST choice for uncasing/casing of the colors in competition due to their rounded edges!

Styrene Traditional Fit Round Spears see page 89
#SSC (Silver) or #SSG (Gold)

Suitable for both National and Organizational/State colors!

You’ll want the best carriers...

Leather Flag Carrier, Double-Harness with Plastic Cup
#1802BK (Black) or #1802WH (White) see page 84
The larger diameter and material of the cup ensures no misses and amazing audio to “WOW” the judges! Also available in Clarino high-gloss finishes!

Don’t forget casings to protect the colors...

Canvas Flag Covers
#68 (Choose Your Color/Imprinting) see page 85
Choose from our wide variety of colors and imprint with lettering of your choice for a sharp look! These can be pressed and starched for crisp performance!

Each member will need a belt...

Military Police Belt #180 (Choose Your Color/Finish) see page 31
Easy to maintain and classy, these belts will compliment each of your color guard cadets! Make sure to get one for each member of your color guard!

Last but not least...

3x4 Un-Fringed American flag #0223 see page 99
and State Colors call for custom quote on state flags!
The 3x4 size ensures that flags do not hang in cadets’ faces helping vision/alignment and displaying their amazing bearing to the judge! The shorter length means fewer cranks while uncasing/casing the colors! We recommend NO fringe for competition units, especially those uncasing/ casing the colors!

Do you need rifles?

Check out our selection of competition-ready drill rifles on pages 4-11! While any of these rifles are suitable for competition, we recommend the DrillAmerica 1903 Springfield replica rifle for its sharp appearance and exceptional balance!

### Ribbon Mounts

#### Metal Ribbon Mounts

These contoured Uni-mounts made of durable but lightweight stainless steel are for standard metal ribbon mounts and right staggered ribbon mounts for the left collar.

#### Standard Metal Ribbon Mounts **BEST SELLER!**

All ribbon holders are center mount and include clutches.

#### Right Staggered Metal Ribbon Mounts

These multiple ribbon mounts are staggered to fit around a lapel, so all ribbon awards will show. Includes clutches.

#### Standard Plastic Ribbon Mounts

Unlike metal mounts, these flexible mounts contour to the shape of the body. In fact, they will bend to 90° and still revert back to original shape. All ribbon holders are center mount and include clutches.

Dr. Mary Walker: Surgeon, Spy, Suffragette

Mary Edwards Walker (1832 - 1919) was an unconventional woman and an American legend - a feminist, abolitionist, prohibitionist, alleged spy, prisoner of war, and surgeon. She is also the only female ever to receive the Medal of Honor.

In 1855, Mary Edwards Walker became one of the earliest female physicians upon graduation from Syracuse Medical College. During the Civil War she volunteered as a civilian field nurse. In 1862, she became the first woman doctor to serve with the Army Medical Corps. She was captured by confederate forces after crossing enemy lines to treat wounded civilians and arrested as a spy, spending four months as a prisoner of war.

After the war, Dr. Walker became a writer, lecturer and social critic. She discarded the restrictive women’s clothing of the day and donned a full man’s evening suit and top hat to lecture on women’s rights, health care, temperance, and dress reform for women. She also invented the concept of using a return postcard for registered mail.

Mary Edwards Walker was awarded a Medal of Honor for her service in a citation signed by President Andrew Johnson in 1865. She is the only woman who has received the medal and only one of eight civilians. In World War II, a Liberty ship, the SS Mary Walker, was named for her and in 1982, the U.S. Postal Service issued a 20-cent stamp in her honor.

**Estimated Shipping to non-US addresses:**

Amount on the contiguous U.S. Shipping Chart, plus an additional 20% of merchandise value, plus $10. If estimate is not sufficient, we will notify you prior to shipping. There are product and size limitations for shipping to some foreign countries. Please verify your nation’s current import restrictions. Glendale and ParadeStore.com are not responsible for import regulations or collection or payment of duty, tax or brokerage fees at non-U.S. addresses. There will be an additional charge for Express Air Service, determined by weight.
Glendale Makes Ordering Easy

• By Phone: 800-653-5515 or 201-767-0233
  Mon-Fri 8 AM - 5 PM Central Time
• By Fax: 800-555-9269 or 201-767-3323
  7 days a week, 24 hours a day.
• Online: www.ParadeStore.com (Also a great way to learn more about us, subscribe to the “Bugler” newsletter or send us an e-mail.
• By Mail: 12754 O’Connor Road San Antonio, TX 78233.
  (If a mailed order confirms a phone, fax, e-mail, or Web order, please mark it “CONFIRMATION” to avoid duplication.) Within TX, add 8.25% sales tax. If tax-exempt, notification must be included at time of order. Please make a note of your customer account number that appears above your name on the address label. Using it for each order or inquiry speeds response time! Order Processing: Most orders are processed and available items are shipped within 5 business days. (Refer to the UPS Ground Service map for time in transit.)

Back Orders:
Unforeseen demand or manufacturer’s delays occasionally result in items that are out of stock. Nevertheless, it is our policy to ship all available merchandise and back order the balance unless customer specifies otherwise. There are no additional delivery charges for multiple shipments within the contiguous U.S.

Custom Orders: Please plan accordingly. Custom work may take 4 - 10 weeks for delivery. Submit specifications for custom work, including imprinting, embroidery and engraving in writing. Credit cards will be charged and items cannot be canceled once production has begun.

Prices:
Prices in this catalog are FOB San Antonio, TX effective August 1, 2018, and supersede all previously published prices. We reserve the right to correct and change prices due to errors or frequent manufacturer increases.

Payment Terms: Credit will be extended on authorized purchase orders of U.S. schools, military, police and fire units, and government agencies. Terms are Net 30 days. Visa, MasterCard, Discover, American Express and Impaq/GPC/Smart Pay Visa orders are accepted. All other orders prior to shipment must be paid in full by check or money order to Glendale. Orders with declined credit cards will be canceled and are subject to a $5 charge on reorders. When authorized, we will make partial shipments to meet customer deadlines, but partial invoices must be paid within our payment terms.

Colors:
We try to accurately reproduce all colors shown in this catalog, but some variation may occur due to the printing process. Reorders are best handled by sending a sample for us to match colors. We aim for consistency, but variation in dye lots may occur. Small fabric swatches are available for cords, berets and bib scarves.

Shortages or Damaged Goods:
Despite our quality assurance efforts, damages can occur in production or transit and order processing errors can be made. Please inspect all merchandise carefully. Call Customer Service at 1-800-653-5515 to report damages and claims. If a shipment is damaged in transit, it may be necessary for the carrier to inspect the shipment. Hold all cartons and packaging materials until you speak to us. We cannot accept responsibility for shortages or damages reported more than 48 hours after delivery.

Glendale Exclusives:
Glendale has created and developed many unique and exclusive items. We are the only source for these products and reserve the right not to sell them for resale. Retail sales only.

Suggestions:
We appreciate any suggestions, comments, criticisms, or questions you may have about our catalog, website, products, or service.

 Guarantee:
We fully guarantee all merchandise against defects in material and workmanship.

Returns and Exchanges:
If there are any problems, please notify us immediately upon receipt of order. Merchandise must be returned only with prior authorization within 30 days of receipt in “as shipped” condition, including all original and retail packaging. We cannot accept returns of rifles, two-color cords, three-color cords, personalized items, DVDs or CDs, books, medals with inserts, custom orders or used or altered merchandise. A 15% restocking charge will apply to all Sabers & Swords as well as Sam Browne belts and straps.

Return items to: Glendale, Attn: Returns, 12754 O’Connor Road San Antonio, TX 78233.
• We will refund the purchase price for returned items.
• Original shipping charges are not refundable nor can they be credited unless shipment is Glendale’s error. Only then will we pay return and/or replacement shipping charges.

Shipping Information:
All packages will ship UPS Ground or US Postal Service (USPS), whichever is more expedient. APO/FPO will be sent USPS Priority, and a receiver’s signature will be required. UPS fees incurred for change-of-delivery address or address errors after package has shipped will be charged to customers.

Please Note:
For UPS Ground delivery, include a street address in shipping instructions. For all orders shipped by ground service within the contiguous United States, shipping charges are determined by the MERCHANDISE VALUE + any additional shipping surcharges for flag pole floor stands, rifle cases and drill bars.

Imprinted Canvas Flag Covers
Letters available in 2”, upper case only. All orders for imprinting must be submitted in writing to avoid misprints. Email us at customerservice@glendale.com. Cover will be printed horizontally (as shown) with up to 25 characters/spaces. If a vertical design is needed, only 15 spaces are available. No punctuation marks.

Step One—choose cover color: Navy - #68NV, Red - #68RD, Royal - #68RY, Black - #68BK, Green - #68GR

Step Two—choose direction of printing: Horizontal - HI, Vertical - VI

Step Three—choose the color for the lettering: White - WH, Gold - GO, Red - RD, Black - BK

Step Four—choose the number of letters:
A: 1-6 (vertical or horizontal) $34.95 each
B: 7-12 (vertical or horizontal) $38.95 each
C: 13-25 (horizontal only) $49.95 each
D: 13-20 (vertical only.) $69.95 each

Step Five—put it all together. The code for a navy flag cover, with horizontal printing, white lettering, and 15 letters would be #68NV HI WH C.

Deluxe Mounting Pole, Silver, 9’ x 1 1/4”, with silver spear ends. #2238 $133.95 each
Compact 6' Flag Pole with Spear
These durable aluminum poles are a great option when a shorter pole design is needed. Includes plastic base cap and short 3½" spear. Choose shiny silver mil or bright gold finish.

**Perfect-Fit Aluminum Poles**

**Two-Piece and Telescoping Styles**
Precision-engineered to be incredibly lightweight and easy to handle, these beautiful poles are the choice of America’s leading color guards and marching bands. Made from strong aluminum tubing with a rich gold anodized or bright silver mill finish, each two-piece pole has a base plug, a ring for attaching cord with tassels, and two adjustable rings to hold a flag tautly in place. The Telescoping Pole has an internal sleeve joint that forms a secure lock.

How to Order Custom Patches and Flashes

Custom Patches
Embroidered patches with 100% or partial embroidery on a twill fabric can be made to your specifications. Price is determined by quantity, size, shape, amount of embroidery (number of stitches) number of colors, type of thread, and backing – PVC (sew on), glue (iron on), or hook and loop. Please send a detailed sketch (you can use a copying machine to blow the image to the desired 200%). Price quotation will be sent on inquiry. Allow 5-7 weeks for delivery after confirmation of order. Minimum order is 50 pieces; price break is at 200 and over. Designs may be emailed to customwork@glendale.com or faxed to 1-800-555-9269.

Custom Flashes
Beret flashes can be made to your specifications. To make it easy for you, we’ve selected 10 different styles to help you design your own distinctive fully-embroidered flashes with sew-on or iron-on backing. Indicate the letter designation for the style of flash you want (A-J) and the color you want used to create each numbered area.

Minimum order is 50 flashes at $2.50 per flash. For orders over 200 pieces, call for discount pricing. Delivery time is 5-7 weeks after receipt of order. Please note that custom flashes are not returnable. Regular shipping charges apply, see page 81 for information.

Designs may be emailed to customwork@glendale.com or faxed to 1-800-555-9269.

Colors for Patches and Flashes

Glendale has 4 styles of berets. Turn to page 38-39 for styles, sizes and colors.
Indoor and Parade use flags are made of lustrous 100% nylon. Finished with a flannel-lined pole hem.

12" x 18" flag pattern, 25" long. #0426 $21.75 each

U.S. Spearhead Flags
Traditional hand-held flag often waved on parade routes. Also the most popular style for honoring veterans’ graves. Polycotton flag in bright, permanent colors, securely stapled to wood staffs. Gilt spearheads.
4" x 6" with 10" white staff #0411 $0.65 each
8" x 12" with 24" white staff #0412 $1.25 each
12" x 18" with 30" white staff #0413 $1.75 each

Add patriotic spirit to any event or venue!

The reverse-star-field U.S. flag patch is worn on the right sleeve with the blue union (or star field) in the forward position of honor as if the flag were passing in review.

**Nylon:** This high-quality fabric exceeds stringent U.S. Government specifications. It is the most popular flag material and offers both durability and beauty. Outdoor flags have strong canvas headings and brass grommets. Indoor flags are finished with flannel-lined pole hems, Velcro® tabs, and golden yellow rayon fringe.

**Polyester:** The two-ply spun polyester fabric of the 3' x 5' and 4' x 6' outdoor flags has greater wind resistance than nylon. It is ideal for extreme weather conditions with durability, strength and fly-ability but without excess weight.

A single seal flag is correct on one side; reverse on the other. A double seal flag reads correctly on both sides. Double seal flags 4 1/3" x 5 1/2" and larger will have the branch of service seal appliquéd onto the larger background. The lining of double sided flags is heat sensitive. Do not press.

Choosing Outdoor U.S. flags:
Glendale is proud to present a selection of outdoor flags designed to stand up to the varying weather conditions in which they fly. All styles are made with strong canvas heading and grommets for display on outdoor flag poles.

**Tough-Tex® Polyester**
The most durable flag fabric on the market. Engineered specifically for industrial, commercial and institutional use. This two-ply spun polyester bunting has an open weave to reduce wind resistance, thus lessening abrasion while increasing the life of the flag. (As with all flags, improper flag care, high winds, high temperatures and other environmental conditions that vary due to climate and location can reduce the fabric life.)

**SolarMax™ Nylon**
Made of a material and dye so powerful that it is the only U.S. flag guaranteed to be colorfast – meaning that reds will not become orange; blues will not become purple. This material will retain its colors better than any other nylon flag. (Some color lightening and fading due to sun exposure is natural and will not affect the flag’s usefulness.)

**Cotton**
An excellent quality flag made of extra-strength cotton weave bunting with rich colors that are resistant to sun and rain, making it suitable for a wide range of applications.

**How long will a flag last?**
The U.S. government generally expects a nylon or cotton bunting flag to last approximately 90 days, based on daily usage from sunrise to sunset — but not during periods of inclement weather. Tests have shown that in some cases a flag flown 24 hours a day will last only one-fourth as long as one flown during the daylight hours only. Regardless of how well it is constructed, a flag is, after all, only a piece of cloth and will sooner or later succumb to the elements. However, it has been well documented that reasonably good care can contribute greatly to the flag’s usefulness.

**Government-Spec Outdoor Display U.S. Flags**
Made to U.S. government specifications in accordance with U.S. Code, Title 4, in the official government size (1.1:9) host-fly ratio. Choose from high-tenacity, industrial strength-70 denier lightweight nylon or 2-ply mercerized cotton bunting. Heavy canvas duck heading is constructed to government specs. Lock-stitched seams, material and color-matched thread.

**Solar Lighted US Flag Unit   #0417**
Add beauty and patriotic spirit to walkways, gardens, decks, and graveyards. Solar light charges itself during the day and shines on the flag at night. Flag made in USA. Light imported from China. 12"x18" Solar Lighted US Flag Unit   #0417 $4.95 each

**Tough-Tex® Outdoor Display U.S. Flags**
3' x 5' #2710 $50.25 each 4' x 6' #2720 $65.75 each 5' x 8' #2730 $106.50 each 6' x 10' #2740 $156.50 each 8' x 12' #2750 $231.75 each 10' x 15' #2751 $299.95 each

**SolarMax™ Nylon Outdoor Display U.S. Flags**
2' x 3' #0242 $27.95 each 2 1/2' x 4' #0244 $35.25 each 3' x 5' #0246 $39.25 each 4' x 6' #0222 $55.75 each 4 1/2' x 5 1/2' #0224 $58.75 each 5' x 8' #0227 $83.50 each 5' x 9 1/2' #0228 $89.50 each 6' x 10' #0230 $110.75 each

**Cotton Outdoor Display U.S. Flags**
2' x 3' #2754 $28.75 each 3' x 5' #2755 $41.75 each 4' x 6' #2756 $55.50 each 5' x 8' #2757 $86.50 each

**Appropriate flag sizes for outdoor poles:**
Length of flag should be approximately 1/4 of the height of the flagpole:
- 20' pole - 3' x 5' flag.
- 25' pole - 4' x 6' flag.
- 40' pole - 6' x 10' flag.
A second flag flown under the U.S. flag should be one size smaller than the U.S. flag.

Nylon

Bemberg Rayon
The finest, most luxurious flag fabric available. Woven of heavy Bemberg rayon, this flag combines a beautiful appearance with superior form retention. A particular favorite of the federal government. Features large embroidered rayon stars. Finished with a flannel-lined pole hem and Velcro® tab. Available with golden yellow rayon fringe. Note: this fabric may stain if it gets wet.

Mounted U.S. Flag Sets (includes stand)
This pre-assembled set includes everything you need to proudly fly America’s colors, right out of the box. You save and pay no weight surcharge. The 3’ x 5’ set is shipped in one oversized carton; the 4’ x 6’ set, in two. (UPS Ground or Parcel Post delivery only). Sorry, no substitutions or partial returns.

3’ x 5’ mounted flag set. Includes: 3’ x 5’ fringed nylon flag (#0215), 8’ x 1¼” wood pole with dark oak finish (#84W), brass-plated eagle with 7” wing span (#7A), 5” golden tassels with 9’ cord (#118) and 8 lb. gold Liberty Floor Stand (#LG8) #35US84W $189.95 each

4’ x 6’ mounted flag set. Includes 4’ x 6’ fringed nylon flag (#0216), 9’ x 1¼” wood pole with dark oak finish (#94W), brass-plated eagle with 7” wing span (#7A), 6” golden tassels with 9’ cord (#119) and 8 lb. gold Liberty Floor Stand (#LG8) #46US94W $236.00 each

How to mount an indoor flag:

On aluminum poles – Pull out the Velcro® tabs inside the top and bottom of the pole hem. Loosen the set and eye screws of the aluminum ring, slide it down the pole, and position it where it will hold the bottom tab of the flag. Carefully slide top of pole up through the flag’s pole hem. Attach the ornament to the top of the pole. Slip tab button holes over the eye screws of both the ornament and ring. Adjust aluminum ring so that pole hem is taut and tighten screws against pole. Instead of attaching tabs to the eye screws, Velcro® tabs can be more permanently fixed directly to the pole. Remove the adhesive backings, position the flag and press the sticky sides of the tabs to the flag pole.

On wood poles – No bottom ring is required. Top Velcro® tab may be attached to the eye screw of the ornament or the adhesive side may be affixed directly to the flag pole.

Flag Spreader
The center part of this spreader snaps around an indoor pole, and the ends clip to the sides or to both corners at the bottom edge of the flag – holding an indoor flag open, so more of it can be seen when it’s draped.

Flag Spreader #2227 $16.95 each

Beautifully embroidered stars that shine brightly against the rich blue background.
